

# Camp Lawton Dietary Needs Request

Dietary needs— Camp Lawton feeds up to 250 people per meal. Many have special dietary needs., We will try to work within our current menu to provide food to meet your dietary needs. However, in some cases Scouts, and adults will need to bring their own food to camp to supplement the current menu. Upon arrival to camp, Scouts and leaders with special dietary needs are to check in with the head cook. We are able to adjust to many different dietary needs with prior notification however, if ones diet is so restricted that each meal will need to be prepared separately , it is suggested that you bring many of your own substitutions and you will need to informed the head cook about these menu substitution upon arrival to camp. Note: A special needs form will need to be turned into the Council Office by May 20th to provide an opportunity for the Lawton staff to review the needs and in some cases contact the families prior to camp.
